April of last year brings back some scary memories for some of our board members. At this time last year, the wheels were in motion to replace our greens and we had received a resignation notice from our old Superintendent, Dave Hamann. As we went in search of someone to replace Dave, we felt this chill of panic set in as we wondered how we were going to pull off this huge project, without a Superintendent. In fact, it got to the point of coming up with other options, such as delaying the project. We made the decision to hire a consultant (Chad Garrett from Bear Trace) to help us with the transition and bridge the gap until we found a Superintendent. By the end of April last year, we were fortunate enough to have Trevor on board and the stress departed as we knew we were in good hands. Chad's contract has come to an end, and we would like to thank Chad for all his assistance.

Here we are today and wow, what a difference a year makes. We now have a very successful greens project behind us with the excitement of golf season coming into full swing. We are finally getting some warmer golf weather which is starting to turn the fairways green (earlier than I ever remember), hopefully most of the cold is behind us.

Old Buddy matches are well under way. Lads and Lassies, Men's league, and Kenny's beginner group lessons "Get Golf Ready" all start this month so get out there and enjoy the course, I know I will.

Words from our President Bryan Hall

Greens & Grounds - Trevor Vestal & Betty Hand

In preparation for Spring we have mowing verticut reels, a new blower and irrigation heads on order. We have the equipment lift on order and with the help of our membership, will be prepping the site for installation. Also on the horizon, the Greens and Grounds is looking into repairing the cart path buckling along the #14 fairway, sodding rough spots where needed on the greens and considering the possibility of installing a fringe collar around our greens. Greens and Grounds has completed the planting of eleven trees on the front nine holes and with a few more dollars to spend, will be assessing our next planting locations.

External Facilities Jamie Hicks

External Facilities met and we got quotes to repair parts of the pool. We are replacing all the pool lights and the chlorinator for the kiddie pool has to be replaced. These items will be taken care of and the pool will be open and looking great for Memorial Day weekend.

Finance - Mike Melton

February 2024 financial results will be posted to the membership website. Please visit the website to review.
