

MEMBER NEWSLETTER

AUGUST/SEPTEMBER 2020

There are a lot of good things going on at Lakewood Golf & Country Club. We have a bunch of members who are picking up the slack and giving their time and backs to making our club look better.

Lakewood would love to give our gratitude to our parking lot paint crew. This is a back breaking job not to mention the heat coming off the asphalt. Kudos to Cathy and Doug Bennett, Dean Holland, Mike Tierney, Jerry TeVrucht, Sam Minkowitz, Noah Risner, Pat Eagan, Rick Wells and our fearless leader, Randy Wilson.

Our cart path crew was manned by Dave Hamann and his staff, Jesse Miller, Carl McClure and his crew, David Cleveland, Noah Risner and Randy Wilson.

Another shout out to Doug Bennett and David Cleveland for letting us use their pressure washers to get the grit off the curbs in the parking lot and doorways to the club. Also thanks to Doug Bennett and Randy Wilson for giving up their backs to get the pressure washing completed.

We have a wonderful group of members that are truly instrumental in keeping this club going and we thank each and everyone of you for making Lakewood a great place to be.

Sincerely,

Kenny Saunders

From Your Golf Course Superintendent

Hello Golfers-

I've had some of you ask about aerification this fall and the repair process for the "spots" on the greens. I'm going to lay out some of our plans on how we're going to tackle this project.

First of all, the aerification process this fall will involve us pulling an actual core or plug as some of you may call it. We will be pulling a 1/2' by 3 1/2' core and removing this from the greens to help eliminate some thatch and soil. We will then pick up the plugs and haul them away to possibly be used around the golf course such as the low spots in 13 fairway. Then, we'll begin the top dressing process, which is applying sand back onto the greens to be drug into the holes to allow for oxygen to get into the root zone and carbon dioxide to escape the root zone. We will drag the sand around with a mat to help in the application of the sand. Finally, we'll apply

a fertilizer to help in the recovery process of the greens.

Another project will be repairing the bad spots on the greens. We will take sod from the putting green (with board approval already) to accomplish this task. We will replace that area on the putting green with sod purchased from North Carolina. By doing this, it will help in keeping our greens all looking the same and not somewhat spotted with sod from elsewhere. This project will be somewhat slow and tedious, as repairing a putting surface has to be precise to help in the recovery process. Therefore, by utilizing our own sod, we can assure a smooth repair to our greens. As some of you may know, when sod comes on a pallet it needs to be laid quickly or it will die.

I've had several of you vocalize that if we ever needed help to just ask....so I'm asking. We'll need some volunteers to help with core removal and with the sodding of the greens. I'll post a sign up sheet in the pro shop for anyone that has some free time on September 8th and 9th. The times would be flexible for volunteers. My staff and I will be there both days from 7:00 am to approximately 5:00 pm. If we have an abundance of volunteers, I can come up with other projects as well.

Thanks for all you do,

Dave Hamann

Fall is nearly here, but it is hot! Come visit the club for a refreshing cocktail and relax poolside with your friends at Lakewood. The pool will be open as weather allows, but lifeguards will no longer be present. The pool will be swim at your own risk and children under the age of 16 may not enter without adult supervision. You can also beat the heat with a scoop of homemade ice cream! We have partnered with our local Ice Cream Distillery and now offer 3 flavors: Sweet Cream, Dark Side (a rich dark chocolate) and 19th Green (a salty sweet pistachio).

Wednesday has become the new Friday here at Lakewood! To ensure that we offer the absolute best service to all our members, food service will continue to be limited to our weekly buffet every Wednesday beginning at 6 pm.

As most of you are probably aware, our hours of operation for both the bar and kitchen have been modified in an effort to minimize financial loss. We realize this is not convenient and appreciate your continued support and understanding. Our hope of course is that this is only temporary and we can offer extended hours once we are back operating at full capacity with steady guests and booked events. We are also operating with approximately half the staff we usually have, so while we understand that service may take a little longer, we will continue to try our very best to meet your needs.

In an effort to be open when needed most, we will be swinging our service hours on days when we have later events, so please be on the lookout for event related emails. We will also be temporarily phasing out menu items for a shorter bar style menu in order to keep our costs as low as possible. Again, this is only temporary.

1900 COUNTRY CLUB DRIVE TULLAHOMA, TN

Now Serving!

We are proud to partner with The Ice Cream Distillery to bring three delicious flavors of homemade ice cream to the club; The Dark Side (a rich dark chocolate), Sweet Cream and The 19th Green (pistachio).

Not only is this ice cream truly fantastic, but the mission behind this locally owned business is even better!

“Our names are Ashlee and Luke Bitton and we are the owners and operators of The Ice Cream Distillery. We started this business for 2 reasons: 1st because Tullahoma didn't have any local, homemade ice cream shops and obviously we LOVE ice cream! 2nd because we hoped that in operating this small business we could bring a voice and light to foster care. We are foster and adoptive parents, we currently have 3 boys, 1 is officially ours through adoption (we were matched with him through The Dave Thomas Foundation after spending over 4 years in foster care).

A portion of our daily proceeds go towards local foster care charities and organizations like Tennessee Kids Belong, One Simple Wish, CASA, and The Dave Thomas Foundation. We also give discounts to all foster families and social workers every time they come in. We hope that our little voices can remind people in our community that there are kids out there that need us and that there's something each of us can do to help them.”

DISTILLERY

Tennis at LGCC

Over the past year, we have allowed Moore County High School to use our tennis courts for their high school tennis team. Mr. Manny Buchanan is the coach and has done a wonderful job of getting kids involved in the new tennis program. In his first year as coach, he had 30 kids on the tennis team. The 2nd year obviously got wiped out by the Covid-19. Manny and Moore County High School had a monetary deal with the club the first year. The 2nd year we changed the terms a bit as we just want them to upkeep the tennis facility. As the courts were falling into disrepair, we thought this was a good way to help upkeep the tennis court facility. They have filled the cracks in the courts, supplied new benches and fixed lighting when needed. Manny also runs a league at our courts.

Other than the following groups: Moore County, Manny's Leagues (**our members are invited to join**) and a clinic for kids. (**Once again our members are invited to join.**) There should not be any non members using our courts except during these times. I am putting locks on the doors and Manny will have a key. Also if you are a Lakewood member and use the tennis courts, please come by the proshop and I will issue you a key. If you would rather not have a key, we will keep one in the proshop. Stop by when playing and we will give you the key to unlock the courts.

In Memorium

July 21, 2020

James "Jim" Webb, 72, of Ormond Beach, FL, passed away on July 21, 2020, following a brief battle with lung cancer. Though Arkansas born, Jim grew up in Savannah, TN, where his widowed mother moved to be near family. Her boss at a manufacturing plant also owned a nine-hole golf course, and taught 12-year-old Jim how to play – it set the course for his life.

Jim was a proud alumnus of Battle Ground Academy in Franklin, TN, where he continued to hone his game and earned a golf scholarship to the University of Arkansas.

At the U of A, Jim met his wife, Betty Jo Gordon, but left college early, enlisting in the U.S. Navy during the Vietnam War. When asked what he did in the Navy, Jim liked to say, "I played golf," – the commanding officer assigned Jim as a yeoman so he would be available to play as a ringer in golf matches against officers from other ships – however, Jim did complete a combat deployment to Vietnam aboard a destroyer and was proud of his military service.

In 1972, Jim began working as the head golf professional at Lakewood Country Club in Tullahoma, TN, and then moved on to the Tennessee Professional Golf Association as Tournament Director, where he also served as the senior United States Golf Association (USGA) rules official for Tennessee, having scored the highest level rating on the USGA rules exam. In 1982, Jim was hired by the Ladies Professional Golf Association (LPGA) as a rules official – moving to Sugar Land, TX. He went on to serve as Tournament Director for the LPGA's Mazda Hall of Fame Championship, and then became the tour's Director of Operations, before moving with the LPGA's headquarters to Daytona Beach, FL, and being appointed Executive Director in 1990 and Deputy Commissioner in 1991. Jim loved tournament golf, and enjoyed his close working relationships and lifelong friendships with players, staff, sponsors, and volunteers in a dozen countries around the world. Later, Jim transitioned to serve as Tournament Director for LPGA tournaments in Augusta, GA; and Las Vegas, NV; before being hired as the Director of Golf for Tennessee State Parks where he worked until his retirement in 2012. Throughout his professional career, Jim was known on the course for his steady leadership, insightful problem-solving, dry wit, and affinity for the rules of golf. Returning to Florida, Jim enjoyed more time to play the game he loved and became a regular at the Riviera Country Club, but he particularly cherished time with his wife and daughter. Jim will be remembered as a dedicated and diligent worker, a loyal friend, passionate golfer, and devoted husband and father. As he reflected on his life, Jim was humbled by the opportunities with which he had been blessed, and, surveying decades of accomplishments doing what he loved, said, "I figure I didn't do too bad for a poor kid from Savannah."

Jim is survived by his loving wife of 50 years, Betty; and his daughter, Lyndsey Webb. Jim is preceded in death by his parents, Doyle and Frankie Webb; his brother, Donald Webb; and half-sister, Barbara Woodworth. A celebration of life will be held on August 1st - please contact the family for details. In lieu of flowers, the family encourages donations in Jim's memory to The First Tee or FCA Golf.

Lakewood Cup - 2020

The playoffs are set for the 2020 Lakewood Cup match play league. Every flight from top to bottom was a battle from start to finish to see who could prevail. Last year's overall champion, Kenny Saunders, saw his run to repeat fall short after a slow start that was too much to overcome. In the end we will see Tommy Clem and Steve Cope representing the first flight in the playoffs. Tommy and Steve will be matching up against the top two from the 4th flight where Paulette Phillips and Linda Thoma were able to make it out of the battle between the ladies for their spots in the post season. In flight 2, Jeff Biniek and Mike Greene pulled away from the rest of the field, but not from each other, as they were separated by just a half a point with Jeff getting the number 1 seed. That was good enough to earn a match with Kemp Brooks (no easy task) and Mike Greene drawing the third flight winner Mike Tierney. The playoffs are set to get underway next week as we see who will be this year's Lakewood Cup Champion!

Flight 1

2020 Club Championship

The 2020 Club Championship was a year of firsts. Reigning champion in the Senior division, Frankie Powers, had just recently aged into the Legends division. That did not stop him from keeping his crown as a club champion however, as he won a two-day battle. After shooting 1 under on day one Frankie made enough putts when it mattered to card a final round 77 and win by 4 shots over a surging Johnny McCormick. The senior Division was lead by a fantastic two day total from Mike Melton following up a 78 with an even par 72 to win by 10 shots over Jamey King. The men's division saw first round leader John Shelton fall to Tim James. After James backed up an opening Round 75 with a 77 to win by 4. Alan Jones finally ascended to the ranks of a club champion. Following years of close calls and runner ups, Jones rallied on Sunday with a tournament low 68, to beat round one leader Hunter Trimble by three. This victory gave Jones his first ever club championship crown at Lakewood.

Holes-In-One - They're HOT This Summer

We have seen a little bit of a hot streak with the holes in one here at the club over the last couple of weeks!

Stan Pearson started off the action after he knocked in his tee shot on the Par 3 15th from 145 yards away with an 8-iron, after landing just on the front and watching it trickle up to the hole and in!

Deby Barnett made a splash of her own while playing with her grandson Russ, when she hit her 4-hybrid to the back right pin location on the Par 3 3rd hole from 130 yards out. After looking all around the back of the green with no luck of finding her ball, Deby checked the cup and found her ball in the hole!

Congratulations to both Stan and Deby for their amazing shots!

New Sand Box and First Tee Touch Up

As many of you have noticed, our previous sandbox, although it did its job, had begun to lose some structural integrity. Thanks to the help of John McCord and other members of the club's Black Tee group, we now have a much improved sand box. The sand box was picked up by Noah Risner and then was covered with Linex with the help from Trent McNabb. This gives us a weather resistant box that should last for years. Thanks to a platform built by our maintenance crew, the box is also safe from ground moisture. John McCord and the Black Tee Group were very generous in donating new river rock to put around the First Tee to give a touch up and improved look around the entrance of the club. **Thank you again for everyone that continues help improve Lakewood!**

!! He Beat His Age !!

A big congrats to Mr. Arlis Johnson who beat his age on day 2 of the Club Championship. Mr. Johnson had a rough time on day one with an 82. The next day was Arlis' 81st birthday and he started off the celebration by shooting a blistering 80 in the final round.

We heard through the grapevine that the celebration went well into the night. Not sure if it was the birthday celebration or the beating his age chatter that kept the party going. Congrats to Arlis for completing one of the hardest goals in golf - scoring lower than your age.

Upcoming Golf Events

James C. Uselton Invitational

With threat of rain looming all day, the chances of getting 18 holes in for the JC Uselton invitational did not seem high. However, thanks to mother nature the worst weather dodged the course and the hot scores. Mallory Tevrucht and Gracie Hicks both posted very solid rounds of 80 for the Tullahoma girls team giving them plenty of room to take home the team victory. As for the individual girls, TeVrucht and Hicks both tied for second place, adding to the day's hardware. On the boy's side, Tullahoma was only able to jump up into second place just behind Lawrence County in the team. Yet, Andrew Cardosi fired the low round of the day with a 74 to take home the overall victory and the James C. Uselton Invitational winner as a senior.
