

Lakewood Links

June - 2021

There are lots of things going on at Lakewood. We have an amazing membership that is actively using and helping to make things bigger and better. We also have lots of new members. If you see someone you don't recognize, introduce yourself and welcome them to our club. The summer months are quickly upon us and there are lots of opportunities to enjoy your club. The pool is open, a new menu is out, the staff is eager to serve and the golf course is getting greener by the day. This newsletter will highlight just a few things that are happening.

We hope that you will enjoy all that Lakewood has to offer.

-LGCC Board of Directors

Greens Committee - Clay Uselton

The weather is getting warmer and the bermuda fairways are starting to grow. If you add the daytime high and the nighttime low together, as long as that number is over 150, that means bermuda grass is growing. Anything lower than that, and there is not enough warmth in the soil to get it to grow. We want to give a big thank you to everyone who donated for the new aerifier and to everyone that has helped and will help with our small volunteer work group projects that are happening during the week. We have new sand here for the bunkers and will be putting that in the bunkers soon. Dave and his crew will get the sand in the bunkers, and we'll need some volunteers to get it raked into the bunkers. This is a short-term fix. Eventually we'll need to redo our bunkers with proper drainage.

What happened to some of our greens? The answer is...we sprayed a chemical to kill the poa annua grass around the greens and some of this chemical got onto the greens, either through the air or seeping through the ground, and killed the bent grass. We have the USGA agronomy team coming next week to advise us of possible solutions. It may be something we will have to deal with all summer. We'll see.

Please repair your ball mark on the green and find another that needs to be fixed. There are way too many ball marks not being fixed. Please use sand to repair your divots in the fairways. Please rake the bunkers. Stay on the cart path as long as you can and get back on the cart path as soon as you can. This is your golf course...please take care of it.

See you on the course

Lakewood Golf & Country Club would like to give a big heartfelt thank you to Lloyd Carden. Lloyd is the owner of Garner Furniture and Appliance in Manchester and has donated a beautiful Speed Queen washer and dryer to our club. We all appreciate his generosity. Please remember to support our small, locally owned businesses.

Garner Furniture and Appliance
204 East McLean St
Manchester, TN 37355
(931) 728-7611

It's Pool Time!
Hours of Operation
Tuesday-Sunday
10am - 7pm
