WORDS FROM OUR PRESIDENT - BRYAN HALL

I hope everyone had a Merry Christmas and Happy New Year. We have a great group of board members, and we are all looking forward to this coming year. As we have in the past, we will continue this year with the various committees, and I urge each of you to reach out to a committee chair and get involved. The Annual Membership meeting was held on December 16th in which the board members reviewed the accomplishments of a successful year.

Each year during the Annual Membership Meeting the President's Award is awarded to an individual or group that has gone above and beyond to making a significant contribution to the club. This year the board decided to change the name of the President's award to the Noah Risner in honor of our late great friend Noah. Greg Gates received the first Noah Risner Award for all his hard work and dedication to Lakewood. Congratulations Greg!

The new board members were announced and are listed below. I also would like to thank Mike Melton for all his hard work over the last 6 years. Sam Minkowitz also turned in his resignation, which leaves an open position for the Club House Facilities position. I want to thank Sam for his last two years of service on the board. If you are interested in serving on the board, please reach out to Penny Panter in the Business Office. I look forward to the coming year and hope to see everyone at the club.

IMPORTANT WINTER REMINDER:

We hope everyone has fun and enjoys the days we have snow. However, we do have some reminders about being on the course during "snow days".

We ask that golf carts, or any other motorized vehicles stay off the golf course. We also ask that we reduce the repetitive compaction of the same areas (unfortunately, this includes the fun hills on holes 8 & 9). While some may see the large, open areas on the golf course as a potential winter playground, we need to remember that there is grass underneath the snow and ice. The grass on the golf course is already more susceptible to winter damage due to the shorter height of cut than home lawns. When the leaf blade freezes, it is more likely to break when compacted. It can take over a month of growing season for the grass to recover from this type of damage. So with that in mind, we appreciate everyone's assistance and support in caring for our golf course. Stay Warm and Stay Safe!! - Trevor

LGCC Board of Directors - Opening!

Due to a recent resignation, your club Board of Directors is searching for a successor to complete an unexpired term, i.e. one-year (2025) commitment. The selected candidate would assume the Clubhouse Committee Chair responsibilities. The Board is eager to fill this opening and would appreciate immediate responses with your interest via a reply to this email or notifying Penny Panter in the Business Office. Thank you.

MAKE SURE THE BUSINESS OFFICE & GOLF SHOP HAVE YOUR EMAIL SO THAT YOU CAN KEEP UP TO DATE WITH EVERYTHING LAKEWOOD!

December was a blast!

We started the month with a Nutcracker themed Breakfast with Santa! It was a fun morning for all ages and it was another sold out event! Check out social media and below to see photos!

We squeezed in a few Mahjong games too.

Come join us-beginners are welcome too! We'll teach you!

We ended the month with a New Years Eve party featuring the band Entice.

They kept the dance floor hopping all night and into 2025!

Cheers to the new year and more fun events at Lakewood! Stay tuned for what's up next.....

GREENS & GROUNDS - TREVOR VESTAL & GREG GATES

With winter weather we have cooler temperatures and shorter days which have a huge impact on playing conditions and course management. Any wear and tear that occurs during winter can linger well into spring and even a few rounds can leave lasting scars when turf is growing slowly. Worn areas from cart traffic and accumulating divots are examples of damage from winter play that tends to hang around. This is why we are protective of the golf course during the winter months. Covering greens, frost delays, cart restrictions and other winter policies are used to minimize damage and improve chances that the course will be in prime shape when spring arrives. With this in mind, we will be carts on paths on holes 1, 2, bottom of 6, 10 and 11 until further notice.

Thank you for your support and doing your part in being good stewards of our course!
