Words from our President - Tommy Dennis

I am super proud of our members and all the work they have done with our Greens transition project. We had over 40 members and the Tullahoma football team sprig 18 holes and our putting green in two days. I want to personally thank Betty, Trevor, Chad, Noah and the greens and grounds committee with all the time and effort spent in making this a reality.

Water, Watch and Wait!

This summer, I challenge you to come out and support the club by attending events, enjoying the pool and having lunch and dinner.

Thank you!

Tommy

The fruits of the volunteer sprigging brigade's labor are definitely coming up **GREEN!** If you have not had a chance to see them in person, the new TifEagle Greens are on track for our September 1st reopening. While we humans may be a tad uncomfortable in this sweltering heat, our new greens are loving it.

The next big event on our golf course will be the Tifway 419 fairway sprigging on the front nine which is planned for the first week of July. Unlike the manual spreading of sprigs, this will be accomplished using a specialized piece of equipment that roughs up the ground, inserts the sprig and roll it in, all in one pass.

Our membership is spending a lot of money and inconveniencing all golf members so that we can enjoy playing golf on more consistent fairways and healthy heat tolerant Bermuda greens. In recognition of the members that asked to have "something" to play during this transition we created target greens on the back nine. The challenge now is how to allow the back nine fairways to also be at their best when we reopen. A number of recommendations for limiting golf cart traffic are being considered by the Greens and Grounds Committee including going cart path only, all of the time or part-time. To minimize the more drastic measures, Trevor and I are asking that you stay on the cart paths as much as possible, especially limit driving and parking around the target greens and as always, Par 3s are cart path only holes.

Greens & Grounds - Betty Hand

Started with fraze mowing, then came sprigging, then came water, and now comes NEW GREENS
Thanks also to the Lakewood Workhorses for your help in removing the tree on #8 as well

Introducing Trevor Vestal, our new Greens & Grounds Superintendent. Trevor has a BS in Plant Science from UT Martin with a concentration in Golf Course and Landscape Management. Trevor began his golf course experience as an Intern at Gaylord Springs Golf Links excelling quickly with promotions to AIT/Irrigation Tech and then as the 2nd Assistant Superintendent. Prior to joining Lakewood Trevor was an Assistant Superintendent at The Grove where his responsibilities included daily crew assignments, chemical applications and monitoring moisture levels around the course. While at the Gaylord and The Grove, Trevor expanded his expertise by working on renovation projects such as design and construction of tee complexes, bunkers, green collars, cart paths and other aspects of golf course management. Trevor has his TN Commercial Pesticide Certification, is a member of Golf Course Superintendents Association of America and Tennessee Golf Course Superintendents Association. And of note is that Trevor came highly recommended by Tennessee Golf Foundation President (and former LGCC Assistant Pro), Whit Turnbow. Trevor grew up in Mt. Juliet and his parents still live there. WELCOME TREVOR!!
